### To whom it may concern

With great pleasure, I would like to invite Prof Deka Dhanapati, Ph.D. for visiting School of Chemistry at Federal University of Rio de Janeiro (UFRJ), Brazil between the first week of June and the first week of July in connection with ongoing joint collaborative Indo-Brazil research Project entitled "Integrated Biorefinery Approach towards production of sustainable fuels from algal biobased systems". During his stay, the Project team from India and Brazil counterpart will discuss the Project current status progress. We have already an accommodation for your stay in Rio. The address is: Rua Prado Junior 335, apto 408. Copacabana. Rio de Janeiro, cep-22011040, Brazil.

With best regards

A handwritten signature in blue ink that reads "Donato Aranda".
