

DEPARTMENT OF ENVIRONMENTAL SCIENCE, TEZPUR UNIVERSITY

ACTION TAKEN REPORT ON STUDENTS' FEEDBACK, YEAR 2019-20

A. Name of the Department: Environmental Science

B. Name of the Programme: M.Sc. in Environmental Science

C. Course offered under this programme: As per course curriculum

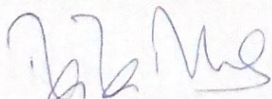

D. Summary of Actions Taken on notable points of Students Feedback on the above listed courses (add rows wherever required):

Sl. No.	Parameters	Notable Points/Feedback	Actions Taken
1.	On Students	Due to COVID 19 pandemic, classes were held in online mode. As per feedbacks received from students, class attendance percentage for majority of students was more than 80 percent. In average student spent 4 to 6 hours per week on the course other than lecture hours. SGPA and CGPA in the preceding semester was 6 to 7 for most of the students. Majority of students have some prior exposure to the topics covered in the course.	The faculty has been appraised not to be complacent and to put in more effort or the progress of the students.
2.	On Courses/Curriculum	Most of the students have given excellent rating (A) for the overall course material. Most of the students felt that the course content is well organized. They agreed to the fact that the courses were relevant in relation to the program of study. All the students opined that topics/ units were logically sequenced in the syllabus. A large number of the students strongly felt that the courses in the programme are relevant to the society and real life application. Most of the students felt that the course contents fulfilled the targeted outcomes (course outcome). Regarding availability of text books/ study materials, students have given good response.	The DAC noted the positive feedbacks and they are determined to maintain this in future. The faculty has been appraised not to be complacent and to put in more effort or the progress of the students.
3.	On Instructors	Most of the students felt that Instructors involved in this programme

		<p>have a good pace of teaching. They expressed satisfaction on the fact that the instructors had clarity in communication of subject matter. All the students opined that the instructors maintain regularity and punctuality in class as per Time-table. Most of the students liked the fact that the instructors encouraged questions and discussions during class. The students were happy with the fact that the instructors followed fair and un-biased evaluation process. Students strongly supported the approach of the Instructors encouraging creative thinking and search for additional materials. Students have given good overall effectiveness of the instructor.</p>	
4.	Some of the Feedback comments / suggestions	<p>Feedback should be online basis. Not offline. That's how we can save papers</p> <p>More practical class</p> <p>Videos may be included to explain certain processes</p> <p>Emphasis on more field work</p> <p>Course may include animal behaviors and effects when the pollutant level become high</p> <p>Recommended study materials like text books and websites</p>	<p>The faculty decided to address these feedbacks during syllabus revision.</p> <p>Feedbacks were noted and respective instructor was advised to look into it.</p>
