To assure continuity of the financial provisions of your grant, you will be required to submit the following information: a) evidence of full-time research engagement and b) a progress report that indicates satisfactory academic progress. You will be required to submit the following reports to IIE over the course of your Fulbright sponsorship:

- Arrival Survey
- Engagement Verification Form

- Departure Survey
- Other Reports as Required

Travel Benefits:

Your Fulbright Grant will provide for your international transportation from your home country to your place of study in the

REPORTING REQUIREMENTS: An IIE advisor will serve as your program contact while you are in the United States. Your IIE representative is listed at foreign.fulbrightonline.org.

You are required to sign and return a copy of your T&C to the Fulbright office in your home country within ten days of receipt. A **DS-19 form will not be provided for you without a signed copy of the aforementioned document.**

U.S. federal visa regulations require that you provide IIE your local U.S. address and other contact information (including telephone number and e-mail). You must report the address of your actual physical residence in the U.S. to your IIE contact within ten days of your arrival, as well as submit copies of your I-94 record and J-1 visa page. Throughout the period of your grant, you must keep IIE informed of any subsequent changes to your address or contact information within ten days of the change. If the address where you receive mail is different from where you physically reside you must inform IIE of both addresses.

It is a requirement of both your Fulbright grant and your visa status to be in full attendance at your authorized study program for the duration of your grant period. You will be required to provide IIE proof of your academic progress. All requested reports, surveys and other information from you and your institution concerning your program must be completed and returned to IIE within the timeframe indicated by email or online.

IIE will request reports and other information from both you and your institution concerning your academic activities and progress in your program. These must be completed and returned to IIE within the timeframe indicated.

You must inform IIE if you are planning travel outside of the United States during your period of sponsorship. Should you leave the U.S. for personal or academic reasons during the period of your grant, you must notify IIE as your travel plans may have financial, insurance-related, or immigration implications.

If you receive funds from IIE, you must open a U.S. bank account for IIE to deposit your first payment electronically. Many U.S. banks require a small amount of personal funds to open an account. It is your responsibility to decide on the appropriate account for your personal needs. The opening of a U.S. bank account and this initial payment may take several days. You must have sufficient personal funds for the initial weeks of the grant. Your email address will be used for important communication, including payment notifications. To receive monthly payment from IIE, you must keep a current email address on file with IIE.

EXCHANGE VISITOR (J-1): IIE will provide a Certificate of Eligibility (DS-2019) and instructions for securing a J-1 visa under the Exchange Visitor Program #G-1-00001 or #G-1-11057 as required by your Fulbright sponsorship. You are personally responsible, financially and otherwise, for making all arrangements for securing your passport and visa. Your grant is activated only if you can obtain a passport and a visa. IIE will be responsible for documentation required to extend your permission to stay in the U.S. throughout the period of your authorized participation in the Foreign Fulbright Student Program.

As stated on the second page of your DS-2019 form, upon the expiration of your Exchange Visitor (J-1) status, you are required to reside in your home country for two years before you may apply for an immigrant visa or for permanent residence in the U.S. The Fulbright program requires you to return to your home country at the conclusion of your authorized activities in the U.S. or within 30 days of your program end date.

Under certain U.S. federal, state, county, and local laws, J-1 visa holders and their dependents may seem to qualify for "public assistance," such as health insurance, subsidized housing, food assistance, and unemployment benefits. As a J-1 or J-2 exchange visitor, accepting such benefits is a violation of the grantee's visa status in the U.S. Accepting such benefits while under J-1 visa sponsorship is not permissible, may jeopardize the grantee's current visa status, result in deportation, and/or prevent the grantee from re-entering the U.S. in the future.

DURATION OF STAY: You will be required to complete your grant in the academic program and at the institution specified in your grant document. You must apply to IIE for extension of sponsorship beyond this period. You have a thirty-day grace period to depart the U.S. following the end date of your Fulbright program participation. Your Fulbright benefits, including your Department of State health benefits plan, expire at the conclusion of your Fulbright sponsorship. Should an emergency necessitate early departure, prior approval must be obtained through IIE. The J. William Fulbright Scholarship Board (FSB), the US Department of State, IIE, and the Fulbright Commission or US Embassy in your home country will not be liable for any claim or claims resulting from your failure to enter upon or to complete the program.

RIGHTS AND RESPONSIBILITIES: A person accepting a grant under the Mutual Educational and Cultural Exchange Act of 1961, as amended, is not by virtue thereof an official or employee of the U.S. or any other agency of the Government of the United States of America, or of an agency of their home country. Fulbright grant recipients sharing their experiences through print or web-based media should acknowledge that the views and information presented are their own and do not represent the Fulbright Program nor the U.S. Department of State.

Grantees are private citizens retaining their rights of personal, intellectual and artistic freedom as guaranteed by the Constitution of the United States. All recipients of Fulbright academic exchange awards shall have full academic and artistic freedom, including freedom to write, publish and create. Pursuant to the Act, as amended, no award granted by the (FFSB) may be revoked or diminished on account of the political views expressed by the recipient or on account of any scholarly or artistic activity that would be subject to protection of academic and artistic freedom normally observed at universities in the U.S. The FFSB shall ensure that the academic and artistic freedoms of all persons receiving grants are protected.

Grantees are responsible for observing satisfactory academic and professional standards and for maintaining a standard of conduct and integrity which is in keeping with the spirit and intent of the Fulbright Program and which will contribute positively to the promotion of mutual understanding between the people of the U.S and those of other countries.

Grant recipients are expected to obey the laws of the U.S.

REVOCATION, TERMINATION OR SUSPENSION OF AWARD:

1. In the event a selected candidate fails to sign and return a copy of the grant document within a reasonable time after it is received by the selected candidate, the selection may be withdrawn by the Fulbright Commission or, in non-Commission countries, the cooperating agency by notice of such withdrawal delivered to the selected candidate.

2. A grant may be revoked, terminated, or suspended. After a revocation, the grantee is considered as not having received the grant and will not be an alumnus or alumna of the Fulbright Program; after a termination, unless otherwise stated, the grant will be considered to have ended when the FFSB announces its decision to terminate; and after a suspension, the grant will be considered inoperative until a decision is made to reinstate, revoke or terminate the grant.

3. IIE and the host institution have authority to recommend that the FFSB revoke or terminate the grant held by a grantee who has departed the home country for the United States. The Fulbright Commission or, in non-Commission countries, the Post has authority to recommend that the FFSB revoke or terminate a grant to a grantee who has not yet departed the home country for the United States. If revocation or termination is recommended to the FFSB, the grantee will have an opportunity to respond to the recommendation. A review of the circumstances will be considered before a final decision is made.

4. Grounds for revocation or termination include, but are not limited to: (1) violation of the laws of the United States or the home country; (2) any act likely to give offense to the United States because it is contrary to the spirit of mutual understanding; (3) failure to observe satisfactory academic or professional standards; (4) physical or mental incapacitation; (5) engaging in unauthorized income-producing activities; (6) failure to comply with the grant's terms and conditions; (7) material misrepresentation made by any grantee in a grant application form or grant document, or failure to provide all required documents to the administering agency prior to arrival in the U.S. (8) conduct which may have the effect of bringing the U.S. Department of State or the Fulbright Program into disrepute; (9) violation of the policies of the J. William Fulbright Foreign Scholarship Board; (10) violation of visa regulations or SEVIS reporting requirements. The FFSB also has authority to terminate a grant on either of the following grounds: (a) that the grantee has exhausted all benefits of health and accident insurance provided to the grantee by the Bureau in connection with the grant, and continued medical treatment would lead to the grantee becoming a public charge; or, (b) that the grantee requires such protracted medical treatment that successful completion of the objectives of the grant is jeopardized. The procedure for any such termination shall be the same as that provided for the termination of grants generally, except that the recommendation for such termination, supported by the corresponding factual information, shall be made by the Bureau (not a host institution, Commission, Post, or cooperating agency). In the event any such grounds occur during the period of a grant, it is the FFSB's policy that such grant should not be renewed or extended. If your grant is revoked or terminated on any grounds (1, 2, 3, 5, 6, 7, 8, 9 or 10), you may be obligated to repay all the amounts you have received under the grant, including without limitation all amounts already awarded or advanced under this grant.

5. A grant may be suspended if: (1) the grantee ceases to carry out the project or academic program during the grant period; and/or (2) the grantee leaves the United States without prior authorization of the cooperating agency (IIE) and the host institution; and/or (3) the grantee requests suspension of the grant for personal reasons and the Commission, Post or cooperating agency concur. During a period of suspension, the grantee will not receive any allowance or benefits. Unless otherwise authorized by the FFSB, Commission or Post, no claim or such allowances or other benefits with respect to a period of suspension will be honored; and/or (4) conditions in the host country require the departure of grantees for reasons of personal safety or security; and/or (5) the host institution ends the assistantship for any reason. Unless otherwise specified by the Board, when a grant is suspended, revoked or terminated, disbursement of any allowances and benefits will cease, except for return travel, and medical benefits that may be authorized under the Bureau's accident and sickness program or exchanges; the grantee will also be required to immediately repay any advances in allowances or benefits disbursed for use in the period of time after the suspension, revocation or termination. Unless otherwise authorized by the Board, Bureau, Commission or post, no further claim for disbursements of allowances or benefits will be honored.

6. Grantees who remain in the U.S. beyond periods authorized by IIE are subject to the provisions of this section in that they may forfeit any return travel benefits.

7. **Web-Based Media:** Grantees who share their Fulbright experiences publicly via web-based media are responsible for acknowledging that theirs is not an official U.S. Department of State website or blog, and that the views and information presented are their own and do not represent the Fulbright Program or the U.S. Department of State. Any grantee who posts inappropriate or offensive material on the Internet in relation to the Fulbright Program may be subject to revocation or termination of their grant.

8. The grantees must submit a Medical History and Examination Form to the Fulbright Commission, U.S. Embassy, or Post.

IIE's tax service, Grantax, provides tax assistance in preparing and filing your U.S. federal tax report at no cost to you. **If you receive a cash grant from Fulbright that is distributed to you by IIE or attend any Fulbright enrichment events organized by IIE such as a summer orientation, seminar or conference you are required to file a tax return through Grantax.** You will receive detailed instructions and materials concerning your required Grantax responsibilities via email after the beginning of each calendar year that your Fulbright grant is in effect.

You are required to obtain either an Individual Taxpayer Identification Number (ITIN) or a Social Security Number (SSN) when you arrive at your U.S. institution. If your grant requires work authorization you will need to apply for a SSN. You should not apply for a SSN until IIE has validated your SEVIS record and provided a Work Authorization letter. Please see the Fulbright Online website for details. You must provide IIE with your ITIN or SSN within 45 days of the beginning of your academic program.

Compliance with U.S. tax law is a vital component of your legal immigration status. Failure to comply with this could result in an interruption of your Fulbright grant benefits or financial penalties imposed by the U.S. Inte

You are required to inform IIE of any changes to the status of your J-2 dependents, including but not limited to separation and/or divorce, final departure from the U.S., and changes to visa type. In the event that an accompanying dependent on a J-2 visa is pregnant or becomes pregnant while in the U.S., the grantee is required to provide proof of appropriate medical insurance that covers pregnancy and childbirth in the U.S. Failure to provide proof of appropriate insurance may result in termination of the grant. None of the agencies, organizations, or persons cooperating in providing your grant can assume any responsibility for the travel, insurance, or support of any dependents.

PROGRAM RESTRICTIONS: Any U.S. program of study in the clinical/medical fields which a grantee has the ultimate goal of receiving a license is not permitted under the Fulbright Program.

FULBRIGHT FOREIGN PROGRAM TERMS AND CONDITIONS OF GRANT

These Terms and Conditions provide important information on your participation in the Fulbright Program. You should become familiar with this document.

It is essential that you understand the details stated in this document. You must confirm your agreement by signing your name on the last page and returning a complete signed copy of this addendum. Keep a copy of this document for your records.

ROLE OF THE INSTITUTE OF INTERNATIONAL EDUCATION (IIE): IIE administers the Fulbright Foreign Student and the Fulbright Foreign Language Teaching Assistant (FLTA) Programs under contract with the U.S. Department of State, Bureau of Educational and Cultural Affairs (ECA). IIE is responsible for your visa status and for monitoring your progress in your U.S. academic program. You are required to keep IIE informed and to discuss with IIE any proposed changes that differ from your authorized Fulbright Program. Should you leave the U.S. for personal or academic reasons during the period of your grant, you must notify IIE as the financial/insurance provisions of your grant may be adjusted.

REPORTING REQUIREMENTS: An IIE advisor will serve as your program contact while you are in the United States. Your IIE Representative is listed at foreign.fulbrightonline.org.

A. You are required to sign and return a copy of your T&C to the Fulbright office in your home country within ten days of receipt. **A DS-2019 form will not be provided for you without a signed copy of the aforementioned document.**

B. U.S. federal visa regulations require that you provide IIE your local U.S. address and other contact information (including telephone number and e-mail). You must report the address of your actual physical residence in the U.S. to your IIE contact within ten days of your arrival, as well as submit copies of your I-94 record and J-1 visa page. Throughout the period of your grant, you must keep IIE informed of any subsequent changes to your address or contact information within ten days of the change. If the address where you receive mail is different from where you physically reside you must inform IIE of both addresses.

C. It is a requirement of both your Fulbright grant and your visa status to be in full attendance at your authorized study program for the duration of your grant period. You will be required to provide IIE proof of your academic progress. All requested reports, surveys and other information from you and your institution concerning your program must be completed and returned to IIE within the timeframe indicated via email or online.

D. IIE will request reports and other information from both you and your institution concerning your academic activities and progress in your program. These must be completed and returned to IIE within the timeframe indicated.

E. You must inform IIE if you are planning travel outside of the United States during your period of sponsorship. Should you leave the U.S. for personal or academic reasons during the period of your grant, you must notify IIE as your travel plans may have financial, insurance-related, or immigration implications.

F. If you receive funds from IIE, you must open a U.S. bank account for IIE to deposit your first payment electronically. Many U.S. banks require a small amount of personal funds to open an account. It is your responsibility to decide on the appropriate account for your personal needs. The opening of a U.S. bank account and this initial payment may take several days. You must have sufficient personal funds for the initial weeks of the grant. Your email address will be used for important communication, including payment notifications. To receive timely payment from IIE, you must keep a current email address on file with IIE.

J-1 EXCHANGE VISITOR VISA: IIE will provide a Certificate of Eligibility (DS-2019) and instructions for securing a J-1 visa under the Exchange Visitor Program #G-1-00001 or #G-1-11057 as required by your Fulbright sponsorship. You are personally responsible, financially and otherwise, for making all arrangements for securing your passport and visa. Your grant is activated only if you can obtain a passport and a visa. IIE will be responsible for documentation required to extend your permission to stay in the U.S. throughout the period of your authorized participation in the Foreign Fulbright Student Program.

As stated on the second page of your DS-2019 form, upon the expiration of your Exchange Visitor (J-visa) status, you are required to reside in your home country for two years before you may apply for an immigrant visa or for permanent residence in the U.S. The Fulbright Program requires you to return to your home country at the conclusion of your authorized activities in the U.S. or within 30 days of your program end date.

Under certain U.S. federal, state, county, and local laws, J-1 visa holders and their dependents may seem to qualify for “public assistance,” such as health insurance, subsidized housing, food assistance, and unemployment benefits. As a J-1 or J-2 exchange visitor, accepting such benefits is a violation of the grantee’s visa status in the U.S. Accepting such benefits while under J-1 visa sponsorship is not permissible, may jeopardize the grantee’s current visa status, result in deportation, and/or prevent the grantee from re-entering the U.S. in the future.

DURATION OF STAY: You will be required to complete your grant in the academic program and at the institution specified in your grant document. You must apply to IIE for extension of sponsorship beyond this period. You have a thirty-day grace period to depart the U.S. following the end date of your Fulbright program participation. Your Fulbright benefits, including your Department of State health benefits plan, expire at the conclusion of your Fulbright sponsorship. Should an emergency necessitate early departure, prior approval must be obtained through IIE. The J. William Fulbright Scholarship Board (FSB), the US Department of State, IIE, and the Fulbright Commission or US Embassy in your home country will not be liable for any claim or claims resulting from your failure to enter upon or to complete the program.

RIGHTS AND RESPONSIBILITIES: A person accepting a grant under the Mutual Educational and Cultural Exchange Act of 1961, as amended, is not by virtue thereof an official or employee of the U.S. or any other agency of the Government of the United States of America, or of an agency of their home country. Fulbright grant recipients sharing their experiences through print or web-based media should acknowledge that the views and information presented are their own and do not represent the Fulbright Program nor the U.S. Department of State.

Grantees are private citizens retaining their rights of personal, intellectual and artistic freedom as guaranteed by the Constitution of the United States. All recipients of Fulbright academic exchange awards shall have full academic and artistic freedom, including freedom to write, publish and create. Pursuant to the Act, as amended, no award granted by the (FFSB) may be revoked or diminished on account of the political views expressed by the recipient or on account of any scholarly or artistic activity that would be subject to protection of academic and artistic freedom normally observed at universities in the U.S. The FFSB shall ensure that the academic and artistic freedoms of all persons receiving grants are protected.

Grantees are responsible for observing satisfactory academic and professional standards and for maintaining a standard of conduct and integrity which is in keeping with the spirit and intent of the Fulbright Program and which will contribute positively to the promotion of mutual understanding between the people of the U.S and those of other countries.

Grant recipients are expected to obey the laws of the U.S.

REVOCAION, TERMINATION OR SUSPENSION OF AWARD:

A. In the event a selected candidate fails to sign and return a copy of the grant document within a reasonable time after it is received by the selected candidate, the selection may be withdrawn by the Fulbright Commission or, in non-Commission countries, the cooperating agency by notice of such withdrawal delivered to the selected candidate.

B. A grant may be revoked, terminated, or suspended. After a revocation, the grantee is considered as not having received the grant and will not be an alumnus or alumna of the Fulbright Program; after a termination, unless otherwise stated, the grant will be considered to have ended when the FFSB announces its decision to terminate; and after a suspension, the grant will be considered inoperative until a decision is made to reinstate, revoke or terminate the grant.

C. IIE and the host institution have authority to recommend that the FFSB revoke or terminate the grant held by a grantee who has departed the home country for the United States. The Fulbright Commission or, in non-Commission countries, the Post has authority to recommend that the FFSB revoke or terminate a grant to a grantee who has not yet departed the home country for the United States. If revocation or termination is recommended to the FFSB, the grantee will have an opportunity to respond to the recommendation. A review of the circumstances will be considered before a final decision is made.

D. Grounds for revocation or termination include, but are not limited to: (1) violation of the laws of the United States or the home country; (2) any act likely to give offense to the United States because it is contrary to the spirit of mutual understanding; (3) failure to observe satisfactory academic or professional standards; (4) physical or mental incapacitation; (5) engaging in unauthorized income-producing activities; (6) failure to comply with the grant's terms and conditions; (7) material misrepresentation made by any grantee in a grant application form or grant document, or failure to provide all required documents to the administering agency prior to arrival in the U.S. (8) conduct which may have the effect of bringing the U.S. Department of State or the Fulbright Program into disrepute; (9) violation of the policies of the J. William Fulbright Foreign Scholarship Board; (10) violation of visa regulations or SEVIS reporting requirements. The FFSB also has authority to terminate a grant on either of the following grounds: (a) that the grantee has exhausted all benefits of health and accident insurance provided to the grantee by the Bureau in connection with the grant, and continued medical treatment would lead to the grantee becoming a public charge; or, (b) that the grantee requires such protracted medical treatment that successful completion of the objectives of the grant is jeopardized. The procedure for any such termination shall be the same as that provided for the termination of grants generally, except that the recommendation for such termination, supported by the corresponding factual information, shall be made by the Bureau (not a host institution, Commission, Post, or cooperating agency). In the event any such grounds occur during the period of a grant, it is the FFSB's policy that such grant should not be renewed or extended. If your grant is revoked or terminated on any grounds (1, 2, 3, 5, 6, 7, 8, 9 or 10), you may be obligated to repay all the amounts you have received under the grant, including without limitation all amounts already awarded or advanced under this grant.

E. A grant may be suspended if: (1) the grantee ceases to carry out the project or academic program during the grant period; and/or (2) the grantee leaves the United States without prior authorization of the cooperating agency (IIE) and the host institution; and/or (3) the grantee requests suspension of the grant for personal reasons and the Commission, Post or cooperating agency concur. During a period of suspension, the grantee will not receive any allowance or benefits. Unless otherwise authorized by the FFSB, Commission or Post, no claim for such allowances or other benefits with respect to a period of suspension will be honored; and/or (4) conditions in the host country require the departure of grantees for reasons of personal safety or security; and/or (5) the host institution ends the assistantship for any reason. Unless otherwise specified by the Board, when a grant is suspended, revoked or terminated, disbursement of any allowances and benefits will cease, except for return travel, and medical benefits that may be authorized under the Bureau's accident and sickness program for exchanges; the grantee will also be required to immediately repay any advances in allowances or benefits disbursed for use in the period of time after the suspension, revocation or termination. Unless otherwise authorized by the Board, Bureau, Commission or post, no further claim for disbursements of allowances or benefits will be honored.

F. Grantees who remain in the U.S. beyond periods authorized by IIE are subject to the provisions of this section in that they may forfeit any return travel benefits.

G. Web-Based Media: Grantees who share their Fulbright experiences publicly via web-based media are responsible for acknowledging that theirs is not an official U.S. Department of State website or blog, and that the views and information presented are their own and do not represent the Fulbright Program or the U.S. Department of State. Any grantee who posts inappropriate or offensive material on the Internet in relation to the Fulbright Program may be subject to revocation or termination of their grant.

H. The grantees must submit a Medical History and Examination Form to the Fulbright Commission or U.S. Embassy dated within six months of the grantee's arrival date in the U.S.

TAXES, GRANTAX AND REQUIRED IDENTIFICATION NUMBER: You are required by law to file a U.S. federal income tax return as well as a state tax form as required by the state in which you are living. Your grant sponsor, the U.S. Department of State, has authorized payment of both U.S. federal and state tax withholding from its funds and has arranged through IIE to pay the tax due on your Fulbright grant for each calendar year in which payments are made to you or on your behalf while in the U.S.

IIE's tax service, Grantax, provides tax assistance in preparing and filing your U.S. federal tax report at no cost to you. **If you receive a cash grant from Fulbright that is distributed to you by IIE or attend any Fulbright enrichment events organized by IIE such as a summer orientation, seminar or conference you are required to file a tax return through Grantax.** You will receive detailed instructions and materials concerning your required Grantax responsibilities via email after the beginning of each calendar year that your Fulbright grant is in effect.

You are required to obtain either an Individual Taxpayer Identification Number (ITIN) or a Social Security Number (SSN) when you arrive at your U.S. institution. If your grant requires work authorization you will need to apply for a SSN. You should not apply for a SSN until IIE has validated your SEVIS record and provided a Work Authorization letter. Please see the Fulbright Online website for details. You must provide IIE with your ITIN or SSN within 45 days of the beginning of your academic program.

Compliance with U.S. tax law is a vital component of your legal immigration status. Failure to comply with these requirements could result in an interruption of your Fulbright grant benefits or financial penalties imposed by the U.S. Internal Revenue Service.

FULBRIGHT ASSOCIATION: Your contact information, including email address, will be shared with the Fulbright Association (www.fulbright.org).

PURPOSE: Your Fulbright grant has been awarded to enable you to study or conduct research in the United States in order to attend a specific institution for the objective and period specified on the first page of this document. Your J-1 visa requires you to *participate in a full-time program of study and to meet the academic requirements of your U.S. institution.*

RESPONSIBILITY FOR DEPENDENTS: If your country program policy allows you to invite J-2 dependents to join you in the United States, you are required to provide evidence of sufficient funding to cover living expenses, health insurance, and travel to and from the United States for each dependent to accompany you as J-2 visa holder. J visa regulations prohibited the use from income earned from authorized employment to financially support your dependents. You are required to provide evidence of adequate health and accident insurance for each dependent within ten days of the dependent's arrival in the United States. Failure to comply with the above violates the Terms and Conditions and may result in termination of your grant. J visa regulations require that, the dependent insurance must provide the following benefits: (1) Medical coverage of at least \$50,000 per person per accident or illness; (2) repatriation of remains in the amount of \$7,500; and (3) medical evacuation benefits of at least \$10,000. In addition, a qualified insurance program shall not have a deductible that exceeds \$500 and it must meet other technical standards as specified in the Exchange Visitor Program regulations. You are required to inform IIE of any changes to the status of your J-2 dependents, including but not limited to separation and/or divorce, final departure from the U.S., and changes to visa type. In the event that an accompanying dependent on a J-2 visa is pregnant or becomes pregnant while in the U.S., the grantee is required to provide proof of appropriate medical insurance that covers pregnancy and childbirth in the U.S. Failure to provide proof of appropriate insurance may result in termination of the grant. None of the agencies, organizations, or persons cooperating in providing your grant can assume any responsibility for the travel, insurance, or support of any dependents.

PROGRAM RESTRICTIONS: Any U.S. program of study in the clinical/medical fields which a grantee has the ultimate goal of receiving a license is not permitted under the Fulbright Program.

PROGRAMS OTHER THAN SPECIFIED IN TERMS: Neither the U.S. Department of State nor IIE has any responsibility, financial or otherwise, in connection with any program other than that specified in the Terms and Conditions.

By my signature, I accept the Terms and Conditions appearing on all pages of this document and any addenda. I also confirm my understanding that any sharing of the financial arrangements by me to anyone other than individuals on a need-to-know basis could be misinterpreted and that I will use my best efforts to keep such information confidential for the duration of my grant. (Your signature will confirm your understanding of and compliance with these terms and your agreement to return to your home country upon completion of your authorized program to fulfill the exchange.)

Management Aptitude Test and Test Scores

- 1 The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
- 2 MAT is administered in five sections-Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment-each section testing a different ability relevant for management education.
- 3 All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. Scaling has been used to take care of these differences.
- 4 The scaled scores reported are standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
- 5 The percentile below column indicates the percentage of candidates in the test who scores below that of the candidate in the section.
- 6 The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 801.
- 7 The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
- 8 All scores and percentile below figures are reported after rounding off to the nearest whole number.
- 9 Personal data is as reported by the candidate.
