Dear Adil,

It was a pleasure working with you since you joined virtually and physically for developing fundamental methods that intersect machine learning and security. Based on your interest in continuing to work in the domain, I am delighted to extend your time as a *visiting researcher* to my group at the Autonomous Distributed Systems Lab for five more months, starting from December'21 to April'22. This additional time of visit will boost an extra career impact in contrast to the earlier effort. This extension letter is conditional upon your self-supporting living expenses since I am unable to provide financial support but ensures paying only house rent from the existing project grant during your stay.

I look forward to continuing to work with you and make this visit more successful and valuable.

All research candidates shall be enrolled in GSOE9400 - Engineering Postgraduate Research Essentials upon commencement of the program. You are expected to arrive at the beginning of the term, as this required

course will commence shortly after the term start date. Details of the specific course meeting dates will be made available to you prior to the start of the term.

**Please Note:**

Your continued enrolment in this research program will be contingent on the satisfactory outcome of review processes conducted within the first 12 months of enrolment. A satisfactory initial review is conditional on successful completion of the UNSW Research Integrity training package. Progress reviews are required at a minimum of at least one review per 12 month period of study on an ongoing basis. The format of the review varies according to the procedures adopted by the Faculty in which you are enrolled. The review will require you, the candidate, to present your research to academic staff and other candidates and to submit a comprehensive report on the proposed research to the supervisor and other academic staff from the discipline area.

The purpose of the reviews is to assess the progress achieved by the candidate and to contribute to a rewarding and productive research environment. Candidates should be aware that as a result of the review, the Faculty committee that monitors candidate progress, may determine appropriate and supportive remedial action. In cases where progress remains unsatisfactory your candidature may be terminated. Further information is available from <http://research.unsw.edu.au/graduate-research>

**Important Information regarding COVID-19**

By completing the acceptance process for this offer, you are acknowledging that you understand and have planned for the impacts of the COVID-19 pandemic and associated measures (such as social distancing and travel restrictions), upon your research degree.

As such, any COVID-19 associated issues experienced during your candidature cannot be claimed as an unforeseen delay, or reason for requesting program extension.

**To Accept this Offer:**

You can accept, defer or decline your offer online – <https://acceptonline.unsw.edu.au/>. Simply follow and complete the online acceptance procedures.

If you are not able to use Accept Online or are sponsored by a UNSW-approved Sponsoring Authority (<http://www.international.unsw.edu.au/sponsored-students>), please complete and return the enclosed Reply Form within three weeks together with any outstanding documentation detailed above.

Upon receipt of your payment or all required sponsorship documentation, an electronic Confirmation of Enrolment for Overseas Students (CoE) will be issued. You will need to take the CoE form to the nearest Australian diplomatic mission to obtain a Student Visa. We strongly recommend that you make your payment at least two months prior to the start of term (or within four weeks if you are made a late offer).

Please accept our congratulations on your offer of admission. UNSW looks forward to welcoming you as one of our HDR Candidates. ## **Complaints and Appeals**

UNSW follows a three stage complaints handling model.

### Stage 1: Local Resolution

If you feel comfortable handling your issue then the best resolution of a complaint is near its source. For research candidates, most complaints are resolved informally at the local school or faculty level or by the Dean of Graduate Research.

### Stage 2: Central Resolution

This is a formal process for more serious or complex complaints, or for matters unresolved by or inappropriate for the local process, and involves the Student Conduct and Integrity Unit.

### Stage 3: Appeals

An appeal in respect of a decision following a Stage 2 process may only be lodged on the grounds of a lack of procedural fairness in the investigation process.

### External Review

If you are dissatisfied with the outcome of the appeal you may seek external review, for example by an agency such as the NSW Ombudsman.

Further information about the complaints and appeals process can be found at <https://student.unsw.edu.au/complaints>.

Yours sincerely,

Professor Jonathan Morris  
Dean of Graduate Research

 the head is held high  
 Where knowledge is free  
 Where the world has not been broken up  
 into fragments  
 By narrow domestic walls  
 Where words come out from the depth of  
 truth  
 Where tireless striving stretches its arms  
 towards perfection  
 Where the clear stream of reason has not  
 lost its way  
 Into the dreary desert sand of dead habit  
 Where the mind is led forward by thee  
 Into ever-widening thought and action  
 Into that heaven of freedom, my Father,  
 let my country awake.*

## HOSTEL NORMS

The accommodation policies at the IIT Gandhinagar hostels reflect the Institute's philosophy and value system, and are directed towards facilitating effective community living. All students are expected to cooperate with the Institute authorities and abide by these policies.

### General Norms

The Institute treats its students as responsible adults and therefore expects that students will act in a conscientious and responsible manner. Students are expected to take care of the Institute assets and infrastructure, including those provided for their use. The students are expected to not waste food and adhere to waste management guidelines issued periodically.

### Hostel Facilities

Several refrigerators, microwave ovens, and induction heaters have been made available in the hostels and are placed in the pantry area of each of the hostel blocks. The students are expected to use these facilities responsibly, and only at the pantry area. Cooking in the hostel rooms is strictly prohibited. Removal of any hostel equipment (microwaves/induction heaters/bean bags) from the designated areas is not allowed.

A few shops facilitating daily basic needs operate in the hostel area. Students are encouraged to seek bills for every transaction they make (except at the Amul store). The students are not allowed to carry any crockery/cutlery items from the Mess or hostel eateries into their rooms. However, students may use personal utensils to carry eatables to their rooms.

### Hygiene

All students are expected to make their rooms available for cleaning at least once every week. The detailed cleaning schedule is shared in advance so that students can plan accordingly. The hostels are fogged regularly to mitigate the mosquito-related health hazards. Students are expected to assist the cleaning personnel during this exercise. Students are encouraged to maintain proper cleanliness in their hostel rooms and the surrounding hostel area.

### Use of Electronic/Electric items

Use of electrical appliances other than electric air coolers, electric iron and hair dryers inside the room is prohibited. Use of additional decorative lights inside the room is permitted provided no damage is caused to any part of the room.

### Ecosystem

There are several species of plants, birds and animals in the campus. Students are encouraged to protect and preserve the ecosystem and live harmoniously with these other species. Please note that there is a presence of stray dogs inside the campus. Considering that not all members of the community like to interact with them, the Institute Animal Welfare Committee has designated certain petting and feeding areas for dogs. Students

must use only these designated zones if they wish to feed and pet the dogs. Feeding and petting dogs in the hostel areas and the academic complex is not allowed in the interest of the larger benefit of the entire community. Sheltering dogs inside hostel rooms is also strictly prohibited.

#### Use of personal motor vehicles

Possession and use of personal motor vehicles by the students is not permitted. Any student needing to park a personal vehicle for special situations or needs must apply to the Dean (Student Affairs) with full justification.

#### Smoking in hostel premises

Smoking in the hostel area is strictly prohibited. This includes the hostel buildings and hostel rooms. If a student faces any inconvenience due to other students indulging in smoking in hostel premises, they can report the issue to Welfare/General Secretary and/or the Warden.

#### Substance Abuse

Consumption, possession, sale, purchase, or distribution of alcohol and other illegal substances is prohibited not just in the hostels, but throughout the entire campus. If a student learns about or faces any inconvenience due to other students indulging in use of alcohol or illegal substances, they can report the issue to Welfare/General Secretary and/or the hostel Warden. Students who have a substance abuse problem are encouraged to seek assistance from the Counseling Services team.

#### Celebration of Festivals and Birthdays

Students are free to celebrate birthdays and festivals inside the hostel area without causing any inconvenience to the other community members. Students are not allowed to coerce/force anyone to celebrate any festivals, birthdays or other events.

#### Accommodation during vacations

All the students are required to vacate their rooms during the vacation period unless permitted otherwise by the Warden. All the belongings and luggage are to be kept in the storage room provided by the Institute. The Institute will not be liable for any loss, theft or damage to the stored belongings. If a student is found to have left for vacations with his/her room locked, the lock may be removed at the student's expense and/or the student may be charged rent for the time the room remains locked. If a student is staying in the campus for summer, he/she is required to have the permission of Warden and has to pay the prevailing hostel charges for the period of stay.

#### Visitors (Anyone who is not a regular IIT Gandhinagar student)

Visitors of the opposite gender are not allowed inside the hostel rooms at any time. They may however visit the hostel common rooms and other common areas. Parents are the only exception to this norm, if their ward's roommates (in case of a shared room) have no objection. There is very limited visitor accommodation in the hostels, which is provided on a "first come first serve" basis. Priority for such accommodation is given to those visiting for Institute-related activities (conferences, seminars, academic programs, interviews, etc.) and urgent medical issues. In all cases, prior permission is needed from the Warden for a

visitor's overnight stay. All visitors are required to enter their credentials into the registers kept at the security desk of the corresponding hostel. If required, the security personnel may ask for a valid identity card to be produced by the visitor(s) for the verification of their credentials.

### Medical emergencies

A detailed list of recommended actions for any medical emergency is provided at the notice board of each hostel and at various places in the academic complex. First aid boxes are available with the security guards of each of the hostel blocks. Students are requested to use this facility judiciously and effectively. The first aid box is to be returned to the respective security guard after use. Students are requested to inform the hostel Warden, Student Welfare Secretary or any of the members of the Health Committee regarding any chronic medical conditions that may need special attention.

### Security and Safety

All residents are encouraged to carry valid identity cards issued to them by the Institute at all times. Security personnel have the right to ask for proof of identity at any time in order to verify your credentials.

### Waivers and Adjustments of Hostel, Mess and Laundry fees

In addition to tuition fees, students pay hostel, mess and laundry charges as detailed in the Enclosure on fees. Students who are on authorized leave due to academic or personal reasons may request a fee waiver/exemption ahead of time. All waivers are provided on pro-rata basis. Details of the procedures for applying for waivers and timelines may be obtained from the Student Affairs office.

### Complaints

Maintenance requests related to civil work can be made online at [maintenance.iitgn.ac.in](http://maintenance.iitgn.ac.in) or manually in the complaint registers kept with the security guards of the corresponding hostels. For any other issues, particularly those related to their *welfare* in the hostel, students are welcome to contact the hostel Warden(s).
